
Acknowledgments

Smokeless Tobacco or Health: An International Perspective was developed under the general editorship of the Smoking and Tobacco Control Program (STCP), **Donald R. Shopland**, Coordinator, National Cancer Institute, Bethesda, Maryland. The senior scientific editor was **R. Craig Stotts**, Dr.P.H., R.N., Research Fellow, NCI Division of Cancer Prevention and Control. The consulting scientific editors were **Kathleen L. Schroeder**, D.D.S., M.Sc., West Virginia University Schools of Medicine and Dentistry, and **David M. Burns**, M.D., Professor of Medicine, University of California, San Diego.

Special recognition is due Dr. Schroeder for her role in planning and organizing the First International Conference on Smokeless Tobacco, from which these monograph papers were developed. Members of the committee that assisted Dr. Schroeder in planning the conference are listed near the end of this section.

The staff of the NCI Smoking and Tobacco Control Program gratefully acknowledges the authors who made this monograph possible. Attributions for each chapter, in alphabetical order, are as follows:
